PRINCIPAL ACCUSED OF MURDER SENATE RATIFIES NAVAL LIMITATION PACT

DICTATORSHIP BY IRISH ARMY AIM OF GROUP

Military Force Would Over-
throw Four Governments
of Emerald Isle

ACTION IS DEFERRED

Uniting of Factions to Curb
Murder of Catholics
Recommended

LONDON, March 29.—(By The Associated Press).—The conference between representatives of Northern and Southern Ireland and the British government began this morning for the discussion of the Irish crisis with much official secrecy.

The conference was probably the most thoroughly representative held in London since the earliest days of the peace negotiations and it was the first time the North and the South had been brought together in a formal council of the kind.

The leading representatives were: For northern Ireland, Sir James Craig, the Ulster premier, and the Marquis of Londonderry.

For southern Ireland, Michael Collins, head of the provisional government, and Arthur Griffith, president of the Dail Eireann.

For the imperial government, Winston Churchill, secretary for the colonies, who presided, and Lord Balfour, the lord chancellor.

At the conclusion of the morning session, no word was given out as to the proceedings of the conference.

DICTATORSHIP URGED

DUBLIN, March 29.—(By The Associated Press).—The convention on Sunday of reviving members of the Irish Republican army debated the question of declaring a military dictatorship, but deferred action thereon.

The convention, which was held in London Star to a dispatch to his paper, gives as his authority a statement issued from the Beggar's Bush barracks this morning, which says the proposal before the convention was to overthrow all governments in Ireland opposed to a republic.

According to the correspondent, the report of the convention is couched in the regular general headquarters of the Irish Republican army in a statement which says the following resolution was offered by Thomas Barry and Frank Barrett:

TEXT OF RESOLUTION

"Resolved, That the executive of immediate concern for the executive will include:

"First, maintaining Ireland as an independent republic.

"Second, the appointment of a chief of staff, who will appoint a general headquarters staff. Appointments can be vetoed by the executive.

"Third, the purpose of the executive shall be empowered to secure the services of others, who need not be members of the executive, with a view to the dissolution of all pretended governments in Ireland by the prohibition of parliamentary elections until such time as an election without the threat of war by Great Britain can be held on adult suffrage.

OVERTHROW GOVERNMENTS

The statement follows:

"The dictatorship would overthrow the four governments in Ireland and oppose to the republic, namely, the Dail Eireann, Provisional, British and Northern governments."

The statement says the Cork delegate opposed a dictatorship, declaring the time to take a step had been when the treaty was signed, and not now when the army was unable to carry it out. The delegate from Donegal declared it was the only people who counted would be on the side of the republic.

Finally it was decided that the resolution should be submitted to the executive committee as a recommendation and that the executive committee should give its opinion at the next convention, to be held April 3.

MAY SUPPRESS ELECTION

The convention empowered the executive committee to suppress the election if it saw fit the statement says.

The delegates argued that the question of finance need not trouble the movement, as money could be had for the taking. The Nationalist press could be dealt with by commandeering its machinery or using the sledge.

The Dublin delegates proposed withdrawing the Republicans from the Irish Republican army, as every man leaving the ranks would bring his rifle to the cause. In the ensuing discussion one delegate remarked, "Better wait, and you will have more than a man and a rifle."

The chief of staff and military council are to be selected from the executive committee which is meeting today to frame a constitution. Among those attending the convention were Cathal Brugha (Charles Burgess) former Sinn Fein minister of defense, and Harry J. Boland, secretary to Eamonn de Valera.

MURDER CONDEMNED

Republican members of the Dail Eireann at a meeting here yesterday adopted a resolution proposing immediate suspension of the political campaign.

At the meeting, which was held in the hall of the Dail Eireann, the resolution was adopted by a vote of 10 to 2.

The resolution was proposed by Michael Collins, and seconded by Arthur Griffith.

The resolution reads: "Resolved, That the political campaign be suspended until such time as the Irish Republic is established."

The resolution was adopted by a vote of 10 to 2.

SURGEONS TO CUT SIAMESE TWINS APART IF ONE DIES

FEDERAL EMPLOYEES RESENT ATTACK BY DAUGHERTY

WASHINGTON, March 29.—Government executives have the power and are "obligated to the taxpayers" to discharge employees who are inefficient, Luther S. Stewart, president of the National Federation of Federal Employees, said today in a statement issued in answer to Attorney General Daugherty's criticism of civil service personnel in the government.

"There is nothing in the civil service law to prevent such dismissal," Mr. Stewart said. "All he needs to do is say it is for the good of the service."

Mr. Stewart declared that Mr. Daugherty had made the vast army of men and women who operate the government machinery "victims of sweeping generalizations based on limited observation, limited experience and no facts."

TEX RICKARD ACQUITTED OF GIRL'S CHARGE

NEW YORK, March 29.—George L. (Tex) Rickard, sports promoter, who was acquitted of charges of assault and abduction of a girl, was today acquitted of a charge of kidnapping.

The jury in the case of Rickard, who was charged with kidnapping a girl, returned a verdict of acquittal.

The case was heard in the New York Supreme Court.

PROSECUTOR DOUBTFUL

"I want to look over the proofs of the other cases before I come to any definite decision. I haven't had time to consider them yet, as I have concentrated on this one case. Out of the four indictments, the one made out by the district attorney, who conducted the trial of Rickard on accusations made by Sarah Schoenfeld, aged 15.

After the jury had reported its finding to the court, Mr. Peckora said:

"I want to look over the proofs of the other cases before I come to any definite decision. I haven't had time to consider them yet, as I have concentrated on this one case. Out of the four indictments, the one made out by the district attorney, who conducted the trial of Rickard on accusations made by Sarah Schoenfeld, aged 15.

BIG DEMONSTRATION

Seldom has there been such a demonstration in the court house as that staged when the jury brought in the verdict freeing Rickard. Hundreds had lined up along the big building, thinking the jury would not deliberate long before reaching an agreement.

When the first syllable of the verdict fell from the jury's foreman, the word was shouted through the corridors and passed along to the throng waiting in the street outside. Rickard was almost overwhelmed by his friends, but made his way through the crowd to a telephone, where he called his apartment and informed Mrs. Rickard of his acquittal.

LIKE \$25,000 CRAP GAME

Turning to newspaper men, Rickard said:

"Thank you all. God bless you. You have all been very nice to me. I've never been happier in my life. Boys, I have shot craps for \$25,000 a roll and I was never in any greater suspense than when the jury returned to the court room. Did you see the poker faces they had on?"

Asked by a cub reporter what he meant by "poker" face, Rickard said:

"Why, you couldn't read them. You couldn't tell what they had in mind."

Rickard then begged to be excused from further comment, stating that he was too overcome to talk more tonight and asked one of his friends for a cigar, which he began smoking immediately. When he left the sheriff's office, police reserves and court attendants were summoned to keep the crowd in check.

He was given three cheers by the crowd as he stepped into his automobile to be taken home.

Later Rickard explained that he played his \$25,000 crap game with a man named Carstairs in Philadelphia.

LLOYD GEORGE TO LEARN FATE NEXT MONDAY

That Is Date When Vote of
Confidence Will Be
Asked

BREACH IS HEALING

Russian Soviet Delegation
Cheerful on Way to
Genoa

LONDON, March 29.—(By The Associated Press).—Prime Minister Lloyd George will introduce the eagerly awaited resolution of Genoa conference on what the government will ask for a vote of confidence, it was announced in the house of commons today by Austen Chamberlain, the government leader.

Mr. Chamberlain announced the terms of the resolution as follows:

"Resolved, That this house approve the resolutions passed by the supreme council at Cannes as a basis of the Genoa conference and will support the government in endeavoring to give effect to them."

The threatened breach in the cabinet over Prime Minister Lloyd George's program for the Genoa conference has been averted in the opinion of the political correspondents on today's newspapers. Everything has been smoothed out in preparation for the premier's appeal to the house of commons on Monday.

It is understood that the compromise was arranged on the basis of the resolutions adopted by the supreme council at Cannes regarding the conditions under which Russia would be allowed to participate in Genoa.

BOLESHIVKI HAPPY

RIGA, March 29.—(By The Associated Press).—The members of the Russian soviet delegation to the Genoa conference, all apparently in excellent spirits, arrived here today as the first stage of their journey to Italy. Soldiers and police were on guard at the depot. Frock coats and hats of the delegation were busy during the check on the train to hurry breakfast.

George Chicherin, the soviet foreign minister and head of the delegation, to whom the skull was presented by the man who unearthed it, greeted the Latvian officials.

850,000 WORKERS IN BRITAIN LOCKED OUT

LONDON, March 29.—(By The Associated Press).—The Engineering Employers' federation today posted notices locking out the members of 47 unions in addition to the Amalgamated Engineers' union. The lockout is to take effect in one week and will affect 850,000 additional men.

The grand total of the workers affected is 850,000.

The engineering union this morning decided to ask the mediators to endeavor to resume informal negotiations with employers.

In connection with the shipyard's strike, all the workers in the Teeside Middleborough yards went out today. Similar conditions prevail in the yards at Barrow, on the Tyne at Jarrow and at Sunderland.

ABORIGINAL SKULL FOUND IN AUSTRALIA

SYDNEY, N. S. W., February 7.—(By Mail).—The recent finding of a skull of an Aboriginal here may provide an important link in the chain of history of the evolution of the human race, according to Professor J. I. Hunter of the University of Sydney, to whom the skull was presented by the man who unearthed it.

Examination of this and Australian museum specimens revealed a similarity to the European Neanderthal skull found by Hunter said. He took the Sydney skull to England in order to exhibit it at the annual meeting of the Anatomical society in London. He expressed the opinion that the skull was one of the most important discoveries in recent years.

PIONEER PRIEST OF NORTHWEST IS DEAD

SPOKANE, Wash., March 29.—The Rev. Father Louis Jacques, who built the first Roman Catholic church at Nome, Alaska, is dead at Montreal, according to information received here. Father Jacques also was pastor of the first Catholic church in Spokane. He completed the fiftyeth anniversary of his ordination on March 19, last.

Doctors Strive to Save Joined Pair; Both Unconscious

CHICAGO, March 29.—Death still lurked in the shadows of the hospital room where lie Josepha and Rosa Blazek, the twins who were joined at birth, and have been called "the Siamese twins." They continued in virtually an unconscious state, Josepha entirely oblivious to her surroundings and Rosa in a comatose condition.

The long talk of operation to separate them in entirely contingent on the death of one, which, physicians have said, would mean the death of the other. Should Josepha die of the yellow jaundice which has stricken both, Rosa might possibly live two or three days, but death would be certain without an operation, Dr. Benjamin Franklin said.

The success of an operation, the physicians have said, would depend upon whether the sisters each constitute a separate physical and psychological entity.

The mere separation of flesh and bone would be easy, according to the physicians, but the effect of the operation upon the mental and nervous systems has been considered highly problematical. Each of the sisters has individual heart, lungs and stomach. Josepha, who was stricken first, is most desperately ill. The disease communicated to Rosa. Until last night the temperature and pulse of the twins were identical. But last night Josepha's temperature mounted to 99 and her pulse to 160, while Rosa's temperature and pulse remained about normal.

An attorney has been at the twins' bedside ready to write their wills should they become conscious. Rosa's 12 year old son, Frank, and the twins' brother, Frank, remain constantly at the bedside.

TRAFFIC ACCIDENTS AVERAGE 95 PER DAY IN L. A.

LOS ANGELES, Cal., March 29.—8,111 traffic accidents in Los Angeles, an average of 95 a day, according to a report from the Automobile club of Southern California. Fifty-one persons have been killed here and 23 in the country outside the city. Involved in these accidents were 16,118 persons of whom 1511 were injured, many seriously.

NAVAL LIMIT PACT PASSED; VOTE 74 TO 1

Regulars and Irreconcilables
Stand Together in Support of Treaty

WASHINGTON, March 29.—The arms conference naval treaty limiting the navies of all the great sea powers was ratified today by the senate.

The senate's approval of the pact was voted without reservations or amendments and with Republican and Democratic regulars and "irreconcilables" generally standing together in its support.

The ratification vote was 74 to 1. Senator Frank, Republican, Maryland, casting the only negative vote. Of the 74 affirmative, 48 were Republicans and 26 Democrats.

BORAH SPEAKS

Senator Borah, Republican, Idaho, author of the congressional resolution requesting the call of an arms conference, supported the naval limitation treaty in a speech today but declared the pact must be regarded "as the beginning and only the beginning of the work of disarmament."

Opening the second and last day of senate debate on the treaty under an unanimous consent agreement to vote on its ratification at 2 p. m., Mr. Borah praised the conference for what it accomplished and at the same time asserted that it had accepted nothing toward limiting modern weapons of warfare and had made but "an almost insignificant" reduction in the armament budgets of the powers.

"I have no doubt," said the Idaho senator, "that this treaty represents all that it was possible to secure at this conference. Nevertheless, I should regard the treaty as a disaster rather than a benefit if it came to be regarded as all there is to do even in the next ten years in the matter of disarmament."

MOUNT ETNA AGAIN IN SEVERE ERUPTION

LONDON, March 29.—Mount Etna is in violent eruption, says a Central News dispatch from Rome quoting advice from Palermo. Streams of lava are flowing from all sides of the crater and the inhabitants of the villages on the mountain side have fled from their homes.

Several earthquakes have occurred in Palermo and Messina provinces in the last few days.

HENRY FORD FACES SUIT FOR ELEVEN MILLIONS

MIAMI, Fla., March 29.—Damages in the sum of \$11,000,000 are sought from Henry Ford by Edward Huff, Miami, electrical engineer, in a suit initiated here today. Huff claims that he originated the magnet now in use on motor cars manufactured by Ford and claims that Ford has not paid him in full for the invention.

WAGES NEVER HIGH ENOUGH, JEWELL SAYS

CHICAGO, March 29.—Restoration of the purchasing power of the industrial population of the United States is of prime importance to both the farmer and the storekeeper, B. M. Jewell, president of the American Federation of Labor, said today in continuing his plea before the United States railroad labor board for the federated shopkeepers for an increase of wages.

Mr. Jewell contended that American workers have never received adequate wages. If the rates which the shopkeepers are now granting the American Federation of Labor, said today in continuing his plea before the United States railroad labor board for the federated shopkeepers for an increase of wages.

PRICES AND WAGES

"Wholesale prices," he said, "climbed faster and farther than either wages or retail prices. The heights reached by wholesale prices look money away from the large part of the population with small incomes and gave it to a small part of the population with large incomes. The effect of this distribution was to reduce the proportion of the national income spent for food, manufactured clothing, household furnishings and similar commodities."

The storekeeper, Mr. Jewell said, thus suffers equally with the wage earner.

The financial interests, who alone profit by the inflation, said Mr. Jewell, "tell the wage earner that the corner retailer is at fault for not reducing prices and tell the great body of storekeepers and professional people that the wage earner is responsible for not accepting lower wages gracefully."

Summarizing his argument Mr. Jewell said that the "important thing for both storekeepers and farmers today is a restoration of the purchasing power of the industrial population."

ONCE FINE HOTEL WILL BE TORN DOWN

NEW YORK, March 29.—The Buckingham hotel, relic of fashionable New York of the Victorian era, is to be torn down after June 1 to make way for a \$1,000,000 department store, Saks and company. With its passing, another of New York's landmarks will have fallen before the steady march of commerce.

The Buckingham, at Fifth avenue and Fifth street, is one of the hotels which radiated the stout respectability of another generation. In 1875 when George Kemp, an architect, built it, it was considered a marvel of modern convenience and luxury and was for many years the finest and most fashionable apartment hotel in the city.

POLICE KNOW TRICK OR TWO THEMSELVES

CHICAGO, March 29.—Rose Eli, who tells fortunes, showed Henry Youngnickel how she could blow on \$25 and make it disappear. Then she caught Miss Eli and showed Youngnickel how to make the money reappear. The money was located in Miss Eli's stocking and she is now charged with larceny.

23,000 PEOPLE LOSE TO STOCK SWINDLER

CHICAGO, March 29.—Twenty-three thousand persons were listed Tuesday as creditors of Raymond J. Bluckoff in a report by Referee in Bankruptcy Eastman. When Bluckoff's investment company was placed in the hands of a receiver recently the losses were placed at \$4,000,000. Bluckoff said he obtained the money, mostly from poor foreign people, for speculative purposes.

SLAIN YOUTH'S FATHER SIGNER OF COMPLAINT

Delegation to Urge Lesser
Charge Fails to Appear
in Ogden

PARENTS INSISTENT

County Attorney Says He
Believes Serious Charge
Is Warranted

Marlow J. Christensen, former principal of the Utah school, is charged with murder in the first degree in a complaint filed late yesterday by County Attorney B. M. Wilson. Christensen is charged with the shooting of Lloyd Bybee, 18 years of age, at Utah a week ago, when the two met on a road at night and Christensen, declaring that he feared an attack, fired a shot into Bybee's abdomen.

The complaint was sworn by William H. Bybee of Utah, father of the victim.

Mr. Wilson asserted that he decided upon a first-degree murder charge late yesterday following a conference with District Attorney Joseph E. Evans.

DEMAND MURDER CHARGE

He declared that the parents, relatives and friends of the Bybee family had constantly come to his office since the death of young Bybee and had demanded that the murder charge be issued. "Mr. Wilson further said that reports had reached him that delegations from Utah seeking to have a lesser charge issued would call at his office, but he had not heeded. These delegations, which it is said, felt that Christensen had been driven to the shooting to protect himself, and were to intercede for the principal and ask leniency, have never materialized despite the many rumors that they would appear."

LESSER VERDICTS

Mr. Wilson said that although Christensen will be tried for first degree murder, the jury may return a verdict of murder in second degree or of voluntary manslaughter, and before he felt the filing to the murder charge justified.

Even though charged with murder in the first degree Christensen may gain his liberty upon bond providing it is approved by a district court judge or a justice of the supreme court. No move toward gaining his release had begun this morning, Mr. Wilson said.

Mr. Wilson said he has carefully investigated the stories of the boys who were with Christensen at the shooting and their statements were of such nature to justify the filing of the serious charge against the principal.

HE IS AGGRAVATED

Special Agent in Charge of the court room this morning to witness the arraignment of Christensen.

George Halverson, attorney, who appeared in the court room with the defendant explained to the court that the record might show that the complaint had been read and requested that the date for the setting of the preliminary examination be continued until tomorrow morning.

City Judge D. R. Roberts ruled that the complaint should be read to the defendant.

I. N. Fulton, clerk of the court, arose and requested the defendant to arise and then slowly read the complaint charging Mr. Christensen with first degree murder of the person of Lloyd Bybee.

CHRISTENSEN COMPOSED

The defendant was dressed in a blue coat and vest with khaki trousers, white shirt and wore no shirt collar. He was perfectly calm throughout the procedure and during the reading of the complaint stood looking at the law books on the clerk's desk.

He conversed with his attorney briefly and in whispers at intervals and apparently paid no attention to the crowd of spectators.

Following the reading of the complaint he was taken back to the county jail by Deputy Sheriff Fred Trout.

AUSTRALIA TO OPEN PORTS TO GERMANY

SYDNEY, N. S. W., Feb. 7.—(By Mail).—Trade with Germany will be resumed August 1, it was decided definitively by the federal cabinet. This will end a period of seven years during which the embargo on trade with enemy countries was enforced.

Premier Hughes stated that with the resumption of trade Germany will be entitled to representation in Australia and that a consul undoubtedly would be appointed.

It was decided to postpone the resumption until August in order that measures might be taken to prevent the dumping of German goods into Australia.

ARMY BILL PASSED WITHOUT ROLL CALL

WASHINGTON, March 29.—Without a roll call the house today passed the army appropriation bill carrying approximately \$288,000,000 to meet military and non-military expenses of the war department during the coming fiscal year.

(Continued on Page Two.)
